MINUTES

CoC Meeting 4/11/2024

41 Members in attendance (see sign-in sheet)

Minutes from 3/15/2024 meeting were approved. Motion to approve was made by Rhonda Rose – 2nd by Chris Hockman

John Jenkins, Director and David Stepp, Executive Director gave a presentation on Chrome Ministry.

Topics covered included:

- A history of Chrome Ministry and its foundation in the Gospel message of Jesus Christ as well as its Discipleship and Recovery Program centered on a relationship with Christ and healing.
- An explanation of the program as being designed to support men who are overcoming life-controlling issues and recovering from drug and/or alcohol addiction.
- A presentation on the focus of Chrome Ministry for Rescue, Recovery, Re-engagement, and Reunification.
- Rescue as a safe place for men struggling with homelessness, addiction, and or abuse.
- Recovery as a 6 month program preparing men to re-engage with society in which they might return home or continue to participate in a guided transition after the 6 month recovery phase which includes work, on campus living, resource support, and faith based recovery.
- Reunification with friends and family was emphasized as the ultimate goal.
- The addition of 70 new beds to the current 75 on campus was announced.
- The future Women's Retreat proposed for 2025 was also announced.
- A video presentation about a Chrome Ministry inspirational success story about Devonte Combs was delivered.

CoC Members were reminded that the April CoC Meeting would be on Wednesday, May 8, 2024.

Announcements were made from other CoC organizations.

The meeting was adjourned with a fine lunch following provided by the staff of members of Chrome Ministry

IMPORTANT Notice of Funding Opportunities

The latest information on this year's grant cycle is that both **Federal (HUD NOFO) and State grant opportunities** will drop in the May/June time frame. This means that NOW is the time to begin planning a project application if you would like to participate in those opportunities. As you probably know, by the time the funding opportunity is released we will have a very short turnaround time to get your project applications in, evaluate and rank them, and assemble the consolidated application. Don't wait until the funding opportunity is released to start planning! The more you do now, the easier the process will be for all of us.

We do not have any specifics on the funding that will be available, so make sure your project is scalable. Then once the funding opportunities are released, you'll only have to adjust your budget and deliverables. (For example, you might plan a \$150,000 project to serve 10 families - what would that same project look like if you could have \$250,000? or only \$75,000?) To plan for your project, you'll need the following information: project narrative including target populations and services that you will provide, detailed project budget, number of individuals or families that the project will serve with that budget, and narrative describing your organization's experience with this kind of project.

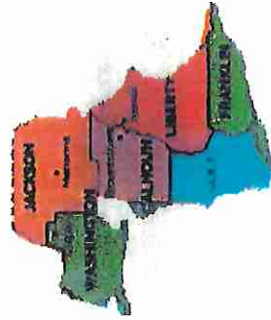

What types of projects can you fund? For the last several years, federal funding has been available for Rapid Rehousing and/or Permanent Supportive Housing only. State funding has been more flexible with types of projects allowed, but still must be tied to reducing the number of persons experiencing homelessness in our CoC (so funding for a new water heater in a facility would probably not be approved). Of course, we don't know if that trend will continue, but it's probably a safe bet. As soon as we have more information, we'll get it out to you. Good luck!

Please feel free to contact Doorways by emailing director@doorwaysnwfl.org or call 601-331-1152.

WHAT OXFORD HOUSE

OFFERS

Oxford House offers a supportive way of living and opportunities to learn life skills in a substance free environment.

- Learn alcohol and drug-free living skills
- Support from peers in recovery
- Shared responsibilities for maintaining the House
- Equal vote on all House decisions
- Election of House Officers
- Social interaction and activities

Not going back to where a recovering individual came from may be the single most important reason for the Oxford House success story.

Using this cost-effective way to improve the chances of recovery from alcoholism and drug addiction may be the best way to show the community that recovering works and that recovering individuals can become model citizens.

THE OXFORD HOUSE MODEL

All Oxford Houses have common characteristics:

- The House must be run democratically
- The House must be financially self-supporting
- The House must expel any member who has returned to active use

The standardized system of Oxford House Inc. has evolved since the first House opened in 1975 and has grown to over 3000 Houses worldwide.
