PROGRAMMATIC QUESTIONS

Describe the overall vision and implementation plan for the program you wish to develop with ESG funds.

How will your proposal decrease chronic homelessness, reduce the length of time someone experiences homelessness, decrease returns to homelessness, and/or prevent first time homelessness of clients that are housed to reduce returns to unsheltered settings?

What special populations are you dedicated to serving, how have you served them, and how do you plan to serve them using grant funds? Special populations include but are not limited to domestic violence, stalking and/or trafficking victims, disabled individuals, families with children, expectant females, youth aged 18-24, chronically homeless, and veterans.

What are your goals and objectives with this funding, and how will you measure your progress towards those goals?
